

AMENDMENTS TO THE SPECIFICATION AND ABSTRACT

On Page 4, paragraph [0017] please amend the paragraph as follow:

[0017] According to a fourth aspect, in the first aspect, the instruction file includes transmission information specifying data for specifying transmission data to be transmitted to the server. The transmission processing unit includes a transmission data ~~generating~~ **determining** unit for determining, based on the transmission information specifying data, the transmission data to be transmitted to the server from among the generated data, and a transmitting unit for transmitting the transmission data to the server.
